End of term results and attendance records.

**18th July**—Last day of Pre-school and Nursery

**20th July**—Break the rules day FOPTM – all day

**21st July**— Last day of term @ 1.30pm

This term we will be taking our classes on a virtual safari to Africa! We will join different explorers as they visit Kenya and meet the people, wildlife and landscapes. We will learn where Kenya is on a map and undertake a variety of fun activities to help learn more about Kenya and compare it to the UK.

## PSHE

This term, we will be focusing on our Resilience Hedgehog. We will also be continuing with our Zones of Regulation sessions where we will be working on how to choose the correct tools to help us regulate our emotions.

## Year TWO routine

**Monday - HAZEL CLASS—**

Swimming

**JUNIPER CLASS—**

No Swimming.

**Tuesday—JUNIPER CLASS—**

PE

**Friday—HAZEL CLASS—** PE

## Science

Our topic this term will be 'Plants—Growth and Care.' We are hoping that alongside our unit of learning about how plants grow, that we will get to put this into practise by growing our own plants!

**RE - What questions do religious stories make us ask?**

In the last half term we will be learning about religious stories and their importance.

## Maths

We will be concentrating a lot on geometry, problem solving and fractions. The children will be exploring different ways of measuring amounts and how to record this. We are really trying to encourage the children to think outside of the box and challenge themselves.

WELCOME BACK! WE HOPE YOU HAD A LOVELY HALF TERM!

## Art and Music

In music, we are helping a friend in a NEW theatre experience which sees us helping out someone in need. The children will immerse themselves in what it takes to teach someone how to SING!

In art, we will be creating our own Tinga Tinga art! We will be

asking the children to use drawing and painting to develop and share their ideas, experiences and imagination.

## Computing

In Computing this half term we will be exploring the program Scratch Junior and learning how to build algorithms. By the end of the unit we will be channelling our inner quiz masters!

## English, spelling and phonics

We will be continuing to focus on capital letters and full stops in our writing and using our phonics to spell words. We will focus on creating interesting and well written sentences in order to prepare the children for year 3. We will continue to learn the year 2 spelling rules and put these into practise in our spelling tests. We will continue to use a range of punctuation, contracted word forms, adjectives and adverbs. The children have been working very hard on their handwriting and we are hopeful to continue this until the end of the year!
